

2022 IMPACT REPORT

The Mission of Maybury Farm is really quite simple - we strive, through various programs & engagement opportunities, to reach & educate the community about animals & agriculture.

Farming is not always apparent in our fast-paced, glamorous & easily accessible world. As a whole, we've become quite removed from the sources of our food & fiber.

Maybury Farm works to connect you, create an awareness, understanding & respect for farms - the animals, the farmers, & the land - that are central in all of our lives.

You play a very important part in making that connection. If you've visited the farm, donated, volunteered, shopped, participated in an event, tour or educational program or even spread the word about Maybury Farm to friends & family - you've made an impact. Just look at the numbers - you've helped us fulfill our educational mission! And we bet you've had some fun at the same time! Well done.

We thank you & humbly ask for your continued support.

HIGHLIGHTS

FUNDRAISING EVENT ATTENDANCE

With COVID restrictions mostly behind us, we saw an increase in attendance & were able to bring back some greatly missed events in 2022. In fact, 11,252 people enjoyed Maybury Farm's events last season!

EDUCATIONAL PROGRAM PARTICIPATION

Maybury Farm increased the overall number of participants in our Educational Programs in 2022.
