

2023 GRANT GUIDELINES

The Northville Community Foundation is a public charity organized as a collection of investment assets. The income from these invested funds is awarded through a grant application process to provide charitable funding to non-profits classified by the IRS as 501(c)(3) organizations and other eligible entities that benefit residents of the greater Northville community. Grants are made in the areas of education, health, arts, youth, senior, historical, beautification, and community benefit.

The Northville Community Foundation values projects that promote inclusiveness and that do not discriminate in hiring staff or providing services on the basis of race, gender, religion, marital status, sexual orientation, age, national origin, or disability.
